## Memoboard Films

Turn any ordinary surface into a fun and trendy memo board with the help of Aslan's blackboard, whiteboard and ferrous films. Important appointments, memos and bulletins can be easily co-ordinated and updated. Simply apply to a smooth, even surface to transform walls, doors, cupboards into a writable memo board with the use of white board markers or chalk. Further improve productivity by applying Aslan's ferrous film first to make the surface magnet receptive.

### Blackboard

#### C 61 Smooth Black PVC Film

WEBCODE: ASLC61BBV

#### CR 62 Textured Black PVC Film

WEBCODE: ASLCR62BBVT

### Whiteboard

#### WB 995 Gloss White PET/PVC Film

WEBCODE: ASLWB995WBV

#### WB 975 Matte White PVC Film

WEBCODE: ASLWB975WBVM

### Rear Projection Film

#### RP 35 Rear Projection Film

A matte white translucent film designed to be applied behind glass surfaces. By projecting onto the rear of the film, the projection is visible from other side of the film.
