

Avery Dennison® Application Tools

The best possible tools to assist you with all your vinyl applications!

A Squeegee for every job

A Squeegee is a necessary tool for all applications of self adhesive products. We offer a wide variety of Squeegees for different substrates, products and applications.

Squeegee Flextreme

CB2620001

25 sets per box

The FleXtreme is a **micro-squeegee** specifically designed for **vinyl graphics applications**. The blue (harder) FleXtreme is designed to apply film at narrow curves and edges, to ensure seamless application. The red (softer) FleXtreme is an excellent tool for **film application on narrow, concave parts of a car**. This set contains 1 red and 1 blue FleXtreme.

Flextreme Refill Blue

BL9220001

25 sets per box

The FleXtreme is a micro-squeegee that is specifically designed for vinyl graphics applications. The blue (harder) FleXtreme is designed to apply film at narrow curves and edges, to ensure seamless application. This set contains 3 FleXtreme Blue.

Flextreme Refill Red

BL9200001

25 sets per box

The FleXtreme is a micro-squeegee that is specifically designed for vinyl graphics applications. The red (softer) FleXtreme is the ideal tool to support film application in narrow, concave parts of a car. This set contains 3 FleXtreme Red.

Squeegee Pro

CA3480002

144 pieces per box

Size: 100 x 75 mm

The Squeegee Pro is a **medium flex squeegee** with one felt side. It is a highly effective tool for flat or slightly curved surfaces. A great choice for **vehicle wraps and day-to-day applications** such as flat wall panels.

Squeegee Pro Flexible

CA9080002

144 pieces per box

Size: 100 x 75 mm

The Squeegee Pro Flexible is a softer and more flexible version of the Squeegee Pro with one felt side; an excellent choice for curved applications such as wheel arches and car bonnets / bumpers.

Squeegee Pro Rigid

AP8270002

144 pieces per box
Size: 100 x 75 mm

The Squeegee Pro Rigid is the most rigid squeegee in Avery Dennison's collection, specially designed for flat application of thick and rigid high-performance products. The non-felt side, easily slides over the surface of the film.

Squeegee Pro XI

CA8120002

96 pieces per box
Size: 130 x 80 mm

The Squeegee Pro XL is a bigger version of the Squeegee Pro. Larger and more rigid, it is great for faster and higher quality application onto large and flat surfaces such as truck sides, buildings and buses

Squeegee Yellow (rigid)

BO7840001

96 pieces per box
Size: 125 x 50 mm

The Squeegee Yellow (rigid) is a non felt Squeegee. Due to the form and flexibility, this squeegee is an essential support in the application of our Window Film and Paint Protection Film portfolio. The Squeegee Yellow is more rigid than the Squeegee Orange but still flexible.

Squeegee Orange (flexible)

BO7850001

96 pieces per box
Size: 125 x 50 mm

The Squeegee Orange (flexible) is a non felt Squeegee. Due to the form and flexibility, this squeegee is an essential support in the application of our Window Film and Paint Protection Film portfolio. The Squeegee Orange is more flexible than the Squeegee Yellow.

Liquids

No matter which stage of application you are in - prior, during or after -
With Avery Dennison liquids you always have the right support.

Surface Cleaner 1 ltr UN 1993 LQ Class II

CA3750001
6 x 1 L per box

The Surface Cleaner is a high-performance cleaner that enables you to remove all kinds of residue using one single product, including dirt, wax, tectyl, light silicone, cock-pit sprays, and more. A highly user-friendly cleaner, especially designed for the degreasing phase prior to application.

Flat Surface Cleaner

CB1380001
4 x 5 L per box

The Flat Surface Cleaner is suitable for large flat panels and rigid-sided trucks. An effective choice for removing day-to-day dirt from substrates during first pass cleaning. A great cost effective solution for large surface preparation.

Adhesive Remover UN 1993 LQ Class III

CA6970001
6 x 0.5 L per box

The Adhesive Remover is a high performance cleaner designed to remove adhesive left on the substrate after removal of graphics. It is supplied in a pistol-grip spray can for easy and accurate targeting of adhesive residue.

SWC Cleaner

BC2480001
6 x 946 ml per box

The Supreme Wrap Care Cleaner is a general cleaning product to be used on wrapped surfaces. The Cleaner eliminates dust, light dirt, fingerprints and other marks.

SWC Power Cleaner

BC2510001
6 x 946 ml per box

The Supreme Wrap Care Power Cleaner provides extra power to deal with difficult localized stains such as bird droppings, road grime, tree sap and much more on wrapped surfaces. After use of the Power Cleaner we advise to re apply the Supreme Wrap Care Sealant to the same spot.

SWC Sealant

BC2570001
6 x 946 ml per box

Supreme Wrap Care Sealant provides a protective layer on wrapped surfaces. This makes it easier to clean off everyday challenges like dirt, bird droppings and tree sap, protecting the film and keeping it in good condition.

SWC Sample Kit

BI9470001

1 set per box

The Supreme Wrap Care sample kit contains smaller bottles of existing SWC Sealant, Cleaner and Power Cleaner products as well as a microfibre towel and an information card about the Supreme Wrap Care series. The kit can be used for sampling and/or testing purposes.

Edge Sealer

BP2530001

6 x 0.5 L

Avery Dennison Edge Sealer is a colorless durable product, recommended to seal off the edges of a wrap in demanding environments like marine (above the waterline) or areas with a high risk of chemical contamination. Edge-sealed wraps resist water and chemical penetration.

Knives, cutters & spare blades

Your skills combined with our high quality cutting tools, help you to cut quick and precise during your application.

Application Knives

CA6460001

240 pieces per box

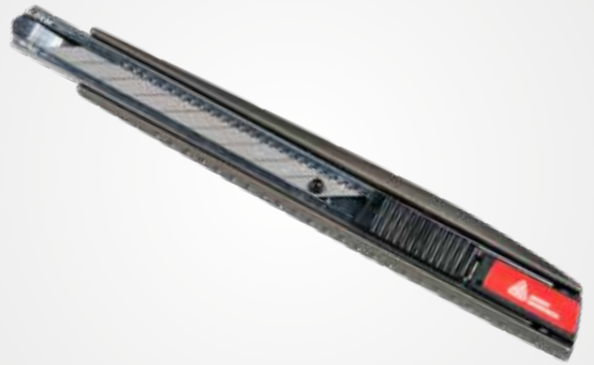

The Application Knife is specially designed for graphics applications. It has a 30°-angled blade for accurate cutting.

Cutter

CA8140001

36 pieces per box

The Cutter has a strong, durable metal casing that holds a 30°-angled blade securely, for accurate cutting. It offers robust durability and better control, with a casing that does not flex.

Snitty

CA6420001

120 pieces per box

The Snitty is a mini-slitting tool, used for cutting self adhesive material. With the blade not exposed, cutting material from a roll is easy and safe done. The Snitty comes with a one blade refill.

Spare Blades Box

CA9090001

45 pieces per box

The Spare Blades Box combines the functions of a dispenser and a disposable container. Supplied complete with 15 spare blades (30° blade angle). The snap-off blade tips are very sharp, and can be safely stored in the tool's special Spare Blade Box.

Stainless Steel Spare Blade Box

BM3290002

45 pieces per box

The Stainless Steel Spare Blades Box combines the functions of a dispenser and a disposable container. Supplied complete with 15 stainless steel spare blades (45° blade angle especially for cutting on glass). The snap-off blade tips are ultra sharp, and can be safely stored in the tool's special Spare Blade Box. The stainless steel blades are highly recommended for wet application due to their given resistance to rust.

Various/Other

From Spray Bottle and Gloves to full Application Kit, we provide what professional applicators needs to get a job done.

Spray Bottle 1,2 l

BM3110002

1 bottle per box

The Spray Bottle is a high quality bottle used during the wet application, to distribute the water/soap mixture evenly onto the application surface & material. The bottle can be used in all orientations/angles and will not stop the supply of the liquid even when turned upside down. The bottle has a volume of 1.2l.

Magnets

CA6400001

50 pairs per box (100 pieces)

The Magnets are a highly practical aid for holding and positioning graphics on a substrate. The strength of magnetic attraction is sufficient to replace masking tape.

Magnets 20 pairs

BL9250001

20 pairs per box (40 pieces)

The Magnets are a highly practical aid for holding and positioning graphics on a substrate. The strength of magnetic attraction is sufficient to replace masking tape.

Application Glove

CA3640001

100 pieces per box

The Application Glove is a soft, seamless cotton glove that helps smooth graphics over the application surface and into curves and recesses. The glove has one size and is packed individually.

Toolbelt

CB0650001

20 pieces per box

The Toolbelt is a specially-designed waist belt that allows you to keep all of your tools with you at all times. A metal plate is included on the front to hold magnets. One size fits all.

Application Set

CA8130001

1 set per box

The Application Set contains several useful tools, and is a great choice as a starter set, for promotional purposes, customer relationship gifts and sales incentives. Contents: Toolbelt, Magnets, Snitty, Application Knife, Squeegee Pro and Application Glove.
