# FLATBED APPLICATORS

**CWT**  
WORKTOOLS

GUIDED LOW FRICTION  
LINEAR BEARINGS FOR  
SMOOTH ROLL MOTION

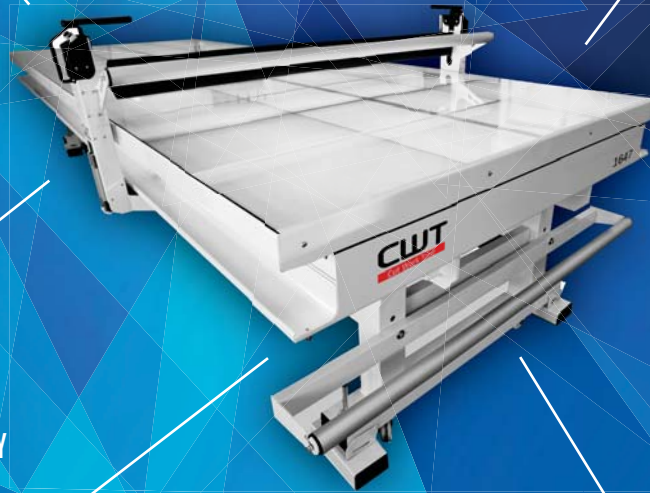

DESIGNED WITH NO  
OVERHEAD BEAM, PROVIDES  
IMPROVED ACCESSIBILITY

ADJUSTABLE FEET FOR  
EASY LEVELLING OF  
TABLE ON ANY FLOOR

ALL IN ONE UNIT-  
EASY TO TRANSPORT, INSTALL  
AND RELOCATE

HANDY SHELVES FOR TEMPORARY  
STORAGE OF ROLLED MATERIALS  
AND TOOLS WHILE YOU WORK

ROLL HOLDER FOR EASY UNWINDING  
AND FEEDING OF WORK MATERIAL  
FOR CONTINUOUS APPLYING

Ergonomically designed worktables that improve workflow. Made in Europe from hardened steel to ensure sturdy construction, available in a range of sizes and options to suit your needs. CWT Worktools Flatbed Applicators make mounting and laminating

effortless - you just position the application surface and media, press the button, remove the backing and glide the roller across the table. The finished product is perfectly aligned and bubble free. Ideal for applying graphics to glass, metal or fabric, laminating signs and mounting boards.

1 Place the substrate on the table. Align adhesive media on top of the substrate.

2 Lower roller onto media and substrate. Separate liner over the top of the roller.

3 Pull the roller along the table and then pull the roller in the other direction to finish.

4 Lift the roller back up and the application is done. No hassles and no bubbles!

## CWT 330 JR FLATBED TABLE

1.45M X 3.3M

330JR Flatbed and cutting mat.  
1.4 x 2.94m work area.

## CWT 1647 FLATBED TABLE

1.6M X 4.7M

1647 Flatbed with LED illumination,  
glass top and cutting mat. 1.53 x 4.26m work area.

## CWT 1630 FLATBED TABLE

1.6M X 3.0M

1630 Flatbed with LED illumination,  
glass top and cutting mat. 1.53 x 2.56m work area.

## CWT 1840 FLATBED TABLE

1.8M X 4.0M

1840 Flatbed with LED illumination,  
glass top and cutting mat. 1.73 x 3.56m work area.

## CWT 1640 FLATBED TABLE

1.6M X 4.0M

1640 Flatbed with LED illumination,  
glass top and cutting mat. 1.53 x 3.56m work area.

## CWT 1847 FLATBED TABLE

1.8M X 4.7M

1847 Flatbed with LED illumination,  
glass top and cutting mat. 1.73 x 4.26m work area.

# LINEAR CUTTERS

**CWT**  
WORKTOOLS

TRIMS MEDIA IN ONE GO FOR PRECISE LONG CUTTING

EASY TO CHANGE BLADES FOR CUTTING A RANGE OF MATERIALS

RAIL IS SMOOTH AND CUT HEAD GLIDES ACCURATELY AND EASILY OVER MEDIA

INDUSTRIAL GRADE HARDENED STEEL CONSTRUCTION

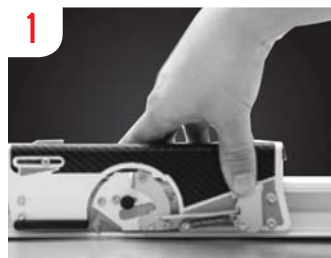

USE THE EXTENSION ROD TO INCREASE YOUR REACH ON LARGER JOBS

LIGHT WEIGHT - EASY TO LINE UP STRAIGHT AND CARRY BETWEEN JOBS

The CWT Worktools Linear Cutters are designed for cutting accurately and easily. Made from high quality durable materials, the linear cutter can cut vinyl, fabric, carpet, PVC and rubber. All CWT Worktools linear cutters come with an extension rod to increase your reach for larger jobs and to

eliminate stress and fatigue. Available in 5 lengths ranging from 1.0m to 5.3m to suit large and small cutting jobs.

1 Position ruler and push the lever on the side of the cut trolley to release the blade.

2 Pull or push the cutting trolley to cut clean straight lines in either direction.

3 Use the cutter mounted on to a table or on the floor for short cutting jobs.

4 Make large cutting jobs easier and increase your reach with the extension rod.

## CWT LINEAR CUTTER SET

PRO KIT

D100 Cutter, Y170 Cutter, B250 Cutter, R330 Cutter, Blade Set, Cut Head and Extension Rod.

## CWT B250 LINEAR CUTTER

2.5M

B250 Cutter, Blade Set, Cut Head and Extension Rod.

## CWT D100 LINEAR CUTTER

1.0M

D100 Cutter, Blade Set, Cut Head and Extension Rod.

## CWT R330 LINEAR CUTTER

3.3M

R330 Cutter, Blade Set, Cut Head and Extension Rod.

## CWT Y170 LINEAR CUTTER

1.7M

Y170 Cutter, Blade Set, Cut Head and Extension Rod.

## CWT G530 LINEAR CUTTER

5.3M

G530 Cutter, Blade Set, Cut Head and Extension Rod.
