

# JT and LF 8500 Series Digital Monomeric Films

Flat but never boring!

## Advantages

The all-new JT 8500 printable films and LF 8500 Laminating films from Mactac are an excellent choice when you are looking to create magic for your promotional prints. Meant for both, the outdoor and indoor applications and for flat or slightly curved surfaces, these versatile films offer both Mactac's remarkable value and performance.

These films deliver high impact print results on all major digital print platforms and are available in a wide selection of adhesive technologies including a bubble-free option for ease of application.

- New product range for flat or slightly curved surfaces, allowing you to execute high-impact and creative designs.
- Bright white face film with Grey Adhesive options to amplify images
- Wide variety of adhesive options including Bubble-Free for easy application
- Upgraded 2 sided PE coated liner for improved print consistency
- Exceptional printability on all digital platforms: Solvent, Eco-solvent, Latex, and UV.
- Backed with Mactac Warranty System to give you peace of mind
